Planning Enforcement. Solved.

Ivy Legal Limited is a law firm regulated and authorised by the Solicitors Regulation Authority and a private limited company registered in England, with Company Registration number 8408137 and operating from Longbow House, 14-20 Chiswell Street, London EC1Y 4TW.

Solving Planning Enforcement for Local Authorities

Ivy Legal Limited is a law firm offering a revolutionary and simple approach to planning enforcement. We do everything related to planning enforcement which is traditionally done by planning enforcement officers and solicitors.

Ivy Legal offers you swift and cost-effective results in these areas:

- + Investigations
- + Issuing enforcement notices
- + Appeals
- + Prosecutions
- + Injunctions
- + Direct action
- + Obtaining a confiscation order under the Proceeds of Crime Act

We act on behalf of local authorities because we believe effective planning enforcement is essential to make the planning system work.

Izindi Visagie founded Ivy Legal in response to a need for more effective planning enforcement action, using her local government, third sector and business experience.

She previously worked in-house as a local authority planning solicitor with Bromley, Kensington and Chelsea and Harrow councils, working to improve the efficiency of the planning enforcement service. Her experience includes prosecuting, carrying out advocacy at appeals and driving direct action.

Ivy Legal can supplement existing Council planning enforcement resources or step in and carry out the full service, as required. A fixed fee arrangement can be made to provide certainty.
